## ECOBULK Feeder

*Lower costs by simplifying handling during production:*

- Reduction of idle times when changing containers.
- Gravimetric emptying of transport container keeps product loss at a minimum.
- Highest quality of product due to closed filling and emptying systems.
- Packaging materials are avoided.
- Packaging is standardised.
- Replaces small packaging units.
- Draining of residual contents saves time.
- Can be used with MX 820 or MX 1000 (not included in standard delivery).
